

Beloit-Jones™ Filter Replacement Parts

Manufactured by Compositech

Ring Seal

**5000 Series
Eel Slip Plate**

**3000 Series
Wear Plate**

Compositech manufactures and stocks filters and quality filter replacement parts for a variety of vacuum filters including drum filters, disc filters, belt press filters, and horizontal belt filters. We design performance optimizing products for the Pulp and Paper Industry and provide critical disc saveall components.

The Compositech service group regularly provides complete rebuilds of **Beloit-Jones™** disc filters. Our technicians conduct on-site inspections to trouble-shoot disc filter problems including:

- Inadequate vacuum
- High operating level and rotational speed
- High filtrate solids
- Difficult cake release

We solve filtration issues by repairing and reassembling disc filter drives, centershafts, repulpers, sectors, and suction heads. For parts that cannot be repaired, we provide replacements made to meet or exceed the quality and material of OEM components. Our stocked spare parts include sectors, sector clamps, stuffing boxes, wear plates, eel slip plates, valves, and seals.

Compositech's goal is to improve production capacity, minimize the potential for non-scheduled shutdowns, and reduce maintenance requirements for each of our customers. We ship replacement parts for installation by your own crew or our service group is available for on site installations. Please call us for solutions to your filtration issues!

We supply Compositech replacement parts for Andritz, Beloit-Jones™, Celleco™, Eimco®, Dorr Oliver®, IMPCO™, Komline-Sanderson and most other brands of filtration equipment. Our spare parts are manufactured by and warranted by Compositech and they meet or exceed the quality and material of OEM components.

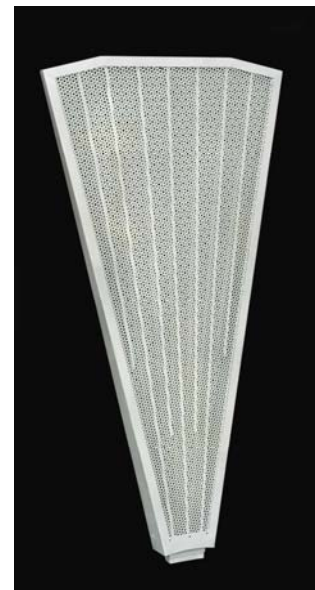

Compositech is not an authorized replacement parts or service supplier for GL&V®, Celleco™, Beloit Jones™, IMPCO™, Dorr Oliver®, or Eimco® brands of process equipment or parts. Compositech is not associated with GL&V USA Inc. or with FLSmidth A/S or their affiliated entities.
