IMPCO™ Disc Filter Replacement Parts Manufactured by Compositech

Customer Service, Superior Parts, Reliability

Compositech supplies filters and replacement parts for vacuum filters including drum filters, disc filters, horizontal belt filters and belt press filters. We design products to optimize performance in the Pulp and Paper Industry and we provide critical disc saveall components.

We manufacture and stock quality Compositech replacement parts for **IMPCO™** disc filters including sectors, sluice pans, bearings, slides, scraper blades, connecting rods, valves, and shower kits. Additionally, our service group regularly completes rebuilds of **IMPCO™** disc filters. Compositech provides on-site inspections to troubleshoot disc filter problems including:

- Inadequate vacuum
- High operating level and rotational speed
- High filtrate solids
- Difficult cake release

Our technicians are experienced with machining, repairing, and reassembling **IMPCO™** center barrels, drives, repulpers, sectors, and suction heads.

Compositech's goal is to improve production capacity, minimize the potential for non-scheduled shutdowns, and reduce maintenance requirements for each of our customers. We provide machine-ready replacement parts for installation by your own crew or our service group is available for on-site installations and filter overhauls. Please call us for solutions to your filtration problems!

We manufacture Compositech replacement parts for IMPCO™, Beloit-Jones™, Eimco®, Celleco™, Andritz, Dorr Oliver®, Komline-Sanderson and most other brands of filtration equipment. Our spare parts are manufactured by and warranted by Compositech and they meet or exceed the quality and material of OEM components.
