

Warranty Claim Processing

At Compositech we strive to provide our customers with high quality customer service, superior products, and the most reliable, cutting edge technology. We make every effort to deliver high quality parts to our customers in a timely manner.

In the event a return is required please be aware that certain procedures are required in order to handle the issue promptly and efficiently. Please call for the Return Merchandise Authorization number (RMA) to ensure all materials are accounted for and processed correctly. All claims must be made no later than 30 days from receipt of material. Once the material and documentation are received by both our quality control and production manager, an inspection will be done, and the claim shall be evaluated and processed accordingly.

Thank you,

Melissa Baker
